# **Our Symbol**

This is our Emblem;

One Square, One Leaf with "AAU" firmly embedded

The Square with lighter and darker shades of green Stands for Lusciousness, Fertility and Abundance of this land. This is our Mother Land With all the three elements abounding

Among the entire world, there is only one thing That Could photo synthesize solar rays into biomass i.e., the LEAF. Hence, the LEAF stands as our symbol Which could transform sun rays i.e. energy into matter

Thus leaf as a symbol of our commitment; Our Dream to make our Country abundant in agriculture

Leaf is our tribute to Our Mother Land Our pledge to make Country prosperous

### Our Motto is : कृणवन्तो राष्ट्रं कृषिसंपन्नम्

Means We, the Scientists, Students and all the employees of AAU unitedly stand to make the solemn pledge that we enrich and glorify the grandeur of our Country and make it agriculturally prosperous

It is my proud privilege to present annual report of the Anand Agricultural University, Anand for the year 2010-11, highlighting the achievements made in the area of teaching, research and extension education. The university is mandated to address the basic and applied issues related to agriculture production and livestock wealth in addition to human resource development and overall improvement in the socio-economic status of farmers. The university has been able to provide a perfect scientific and technological support to farmers through its different faculties, research stations/substations/centres and Krishi Vigyan Kendras located in different parts of the Gujarat State.

The Seventh Annual Report of the Anand Agricultural University is presented in pursuance to Section 49 of the Gujarat Agricultural Universities Act 2004. The University has reached the 7<sup>th</sup> year of its existence. Having laid a strong foundation of the University by the Iron man Sardar Vallabhbhai Patel with a great dream of prosperity of farmers' way back in 1937, we also cherished his dream of making Gujarat and India agriculturally prosperous. The Institute had a glorious past which we imbibed while striding through the path treaded by Sardar Patel and his team of devoted scientists, teachers and workers.

The report gives the details of the activities carried out by the University to achieve the cherished goals of the University. The programmes of the University continued with enthusiasm and dedication.

"Krushi Mahotsav 2010 was launched from the university to motivate the farmers of Middle Gujarat for adopting modern scientific methods of farming. The Seventh convocation of the AAU, Anand was conducted on 8.2.2011 successfully.

As a Nodal Officer of the agricultural universities of Gujarat State, constant guidance in the matter of academic and administration resulted into progress of all four SAUs with innovative approaches.

The Gujarat State has made impression in the field of agriculture at the national level by notching productivity award for the last four consecutive years. This is because of the unconditional patronage and guidance received from the Chancellor of AAU, Her Excellency, the Governor of Gujarat State, Dr. Shrimati Kamla and Hon'ble Chief Minister of Gujarat State, Shri Narendra Modi. The Encouragement from Shri Deelip Sanghani, the Agriculture Minister, Gujarat State during the year is also acknowledged. I express my sincere gratitude to ICAR and State Government and other funding agencies for their support in sponsoring education and research programmes at the university. Last but not least, I would like to congratulate my entire team of scientists, academicians, administrators and subordinates for carrying out the various activities of the university and bringing out the results in a comprehensive manner as reflected in this report.

A. M. Shekh Vice Chancellor Anand Agricultural University

#### Research

Research has been the major potency of AAU with the brawny prop up from 83 regular state plan, 47 nonplan and 17 ICAR co-ordinated research projects to which 67 new private agency/GOG and GOI's schemes were added during the year. As a result of strapping and committed research 41 technologies were recommended to the farmers subsequently published/ presented in the form of 606 research papers.

#### **Extension Education**

The Directorate of extension education; plans, coordinates, organizes and guides the extension education programmes to guarantee proficient shift of the cutting edge technologies in all quarters of agriculture. This is facilitated through organization of on and off campus training programmes, farm advisory services, plant diagnostic clinics, front line demonstrations, seminars, krishi-mela, khedut-din, etc. The state departmental machinery is also skilled by the university personnel at pre-seasonal trainings, bi-monthly workshops as well as special training organized regularly. Training is essential to increase the efficiency of the farmers, farm women and farm youths. On-campus as well as off-campus training programs were organized based on the needs and interests of the stakeholders. 253 on-campus and 245 off-campus training programs were organized through the front line Transfer of Technology (TOT) Centers. FLDs aim to exhibit the production potentialities of newly released and pre-released production technologies at the farmers' fields. KVKs and other TOT centres organized 706 FLDs on

various crops during kharif, rabi and summer seasons. As a measure towards enlightenment of farming community "Swarnim Krushi Mahotsav-2010" a doorstep extension modus operandi of the State Government Visionary programme was launched from 16<sup>th</sup> May to 14<sup>th</sup> June 2010 through out the Gujarat State.

#### **Student's Welfare**

All the constituent colleges of the University have the Students Representative Council (SRC) formed as per University rules, so that the students can represent their problems through their representatives. SRC organizes and monitors various extracurricular activities of the students. The Students' Representative Councils of all the colleges organized various extracurricular activities like planning forum, sports, debate and elocution, college magazine, cultural programmes, NSS, NCC, etc.

Apart from this, Alumni Associations in all the three colleges were active and organized one day seminars for strengthening the professional brotherhood and create an atmosphere of oneness.

Hon'ble the Chancellor & Her Excellency the Governor of Gujarat Dr. Shrimati Kamla inaugurated HOSTEL FOR INTERNATIONAL STUDENTS AND EXTENSION TRAINEES. The hostel is fighting fit equipped with all necessary amenities of towering standards.

#### History

Anand Agricultural University (AAU) has entered into seventh year of its being. Established by the Gujarat Act No. 5 of 2004, passed by the Gujarat Legislature and assented by Her Excellency, Governor of Gujarat on 4<sup>th</sup>, March 2004, AAU has been incorporated as a teaching and affiliating University for imparting education in agriculture and allied sciences. AAU has a long cherished history. Sardar Vallabhbhai Patel, an Iron man of India and Dr. K. M. Munshi, who played a significant role in affable and unobtrusive manner both as member of the Drafting Committee and as an active member of the Constituent Assembly of Indian Constitution established Krushi-Go-Vidhya Bhavan or Institute of Agriculture and animal genetics, Anand in 1938 to revitalize agriculture, train the farmers and their sons and daughters in modern practices of agriculture and animal husbandry so that they can raise their head and live in prosperity.

Institute of Agriculture was popularly known as '*Khetiwadi*' which later in June, 1972 became a part of the Gujarat Agricultural University. Institute of Agriculture, Anand had two Colleges viz., B. A. College of Agriculture established in 1947 and Sheth M. C. College of Dairy Science established in 1960, which were then affiliated to Sardar Patel University, Vallabh Vidhyanagar. Later, in 1972 they became integral part of Gujarat Agricultural University along with the Government College of Veterinary Science and Animal Husbandry which was established in 1964 at Anand.

The activities of Anand zone of erstwhile Gujarat Agricultural University have now been transferred to newly established Anand Agricultural University with effect from May 1, 2004 with three Colleges viz., B. A. College of Agriculture, Sheth M. C. College of Dairy Science and College of Veterinary Science & Animal Husbandry, 27 Research Stations, one Extension Education Institute, 16 Extension Education Centres like Krushi Vigyan Kendra, Sardar Smruti Kendra, Tribal Training Centre, Tribal Research-cum-Training Centre, Poultry Training Centre, Bakery Training Centre, Livestock Training Centre, Home Science School, Mali Training Centre.

Today, all existing diploma schools

are transformed into polytechnics with new syllabus and rules. Passed out students will get employment as middle level technician on farm, industry and agriculture related enterprises and admission to a degree college. More colleges are established i.e. International Agri. Business Management Institute, Agril. Information Technology, Agril. Engineering & Technology and Food Processing Technology & Bio-Energy, etc.

## HAPTER-4 HUMAN RESOURCE (HR) ACTIVITIES

Nature makes man we make gentleman

Human Resource Development at Anand Agricultural University (AAU) enjoys top priority. The changing global scenario demands traditional research be sharpened based on market driven economy. Therefore, AAU scientists are encouraged to update their knowledge and improve their skills. Need of the day is the search for newer technologies with cutting edge research so that new generation young farmers and women are imparted instructions regarding it.

#### **HR Crisis**

Agricultural Universities are mainly working on three aspects i.e. teaching, research and extension. Teaching imparts knowledge, research provides wisdom, which ultimately leads to strengthening of extension activities in agriculture sector. Manpower at University is broadly divided into two parts i.e. technical and non-technical. Technical manpower includes staff involved in teaching and research. They are positioned as Professor, Associate Professor, Assistant Professor, Research Scientist, Associate Research Scientist, Assistant Research Scientist, etc. Non-Technical personnel are concerned with administrative and allied activities.

Anand Agricultural University was formed from erstwhile Gujarat Agricultural University during May 2004, with total sanctioned staff of 1979 with three colleges for Under Graduate & Post Graduate programme and 4 Diploma schools for imparting agricultural and allied science education. 1685 posts were filled out of 1979 posts, leaving 294 posts vacant. 765 personals out of total staff were engaged in purely technical activities including teaching, research and extension activities at the University. Technical personnel included the staff at the main campus as well as 16 research stations, who carried different activities like crop improvement, crop protection, live stock management & improvement practices etc. at their domain of work. Our researches have not only revealed excellence in agriculture but also other allied sectors like dairy science, veterinary, engineering etc.
Presently, Anand Agricultural University has total 2268 sanctioned posts, out of which 1423 are filled and remaining 845 posts are vacant. Increase in numbers of post are due to the newly introduced faculties like Agricultural Information Technology, Food Processing Technology & Bio-Energy, Agricultural Engineering, P.G. courses of M.B.A. (International Agri-Business) and M.Tech. in Food Processing Technology.

Traditional Diploma courses have been transformed into Polytechnic Diploma courses in subjects like Agriculture, Horticulture, Food science & Nutrition and Agricultural Engineering. New research stations are also on the track after being established as a sole university. During 2010-11 only 435 personnel were engaged in the teaching, research and extension activities, which mean a shortfall of 203 personnel as against the sanctioned post. There is a strong challenge to overcome the huge shortage of 203 employees as university is growing with full pace.

This challenge can be overcome up to some extent by optimal utilization of human resource at all levels within the university. Clear understanding of vision and mission of the university as well as awareness of the core purpose of its existence can boost it further support from Government by sanction of additional manpower and infrastructure. All these factors combined will help change the attitude of the employees towards their work and impart better understanding of significance of their involvement and commitment in the overall growth of university, state and country as a whole.

The stumbling blockade of vacant technical/non-technical posts has been resolved up to certain extent by obtaining sanction from the Government to fill up the posts on year to year quota basis. Pending promotions of staff members were executed. Direct recruitment of various posts were also carried out. Optimal productivity utilization of human resource can only be possible if we believe in the statement – "Right person at right place & right time". This can only be possible through regular training and mechanism of timely update of productivity of employees in the university.

It is believed that productivity of employees will increase if they show zest and fervor to work which will only come if they do what they know and like. Traditional ways of working should be transformed into technology oriented working. Technology will not only offer accuracy and productivity but also boost promptness to work. Decentralization of power & authority is equally important to increase the output in a qualitative way. Empowerment

provides the inherent quality of decision making & increases confidence. Introduction of new technology like computer with ERP software will make work faster, reliable & store data for a longer time.

AAU organizes various programmes and activities to expand wings of knowledge of its scientists and the staff.

During the year under report following programmes / trainings / workshops / seminars are organized or were attended by the University scientists.

### Conference

Zonal Conference (West Zone) on "Current status of Molecular Plant Pathology and Plant Disease Management" on 13<sup>th</sup> December, 2010 organized by Department of Plant Pathology, B. A. College of Agriculture, A.A.U., Anand and "Indian Phytopathological Society" New Delhi.

### Workshop

- Dept. of Vety. Microbiology, Veterinary College, Anand conducted 7th Annual Scientist Meet on AINP-HS during 24-25 May, 2010.
- Under integrated Agromet Advisory

Service, Agromet Service Cell, IMD, New Delhi organized 5-days workshop at Department of Agricultural Meteorology, Anand Agricultural university Anand for Technical Officers of 8 AMFU centres (Anand, Arnej, Junagarh, Targhadia, Navsari, Maktampur,

Dantiwada and Bhachau) on "Use of crop simulation model to develop application tools for decision making in agroadvisory" from 19-24 July, 2010 with aim of the dynamic crop model based approach in farm decision-making can be incorporated for developing information on real-time weather dependent agrometeorological advisories disseminated to farmers.

- The Annual Workshop of ICAR Network Project on Climate Change entitled "Impact, Adaptation and Vulnerability of Indian Agriculture to Climate Change" was held at AAU, Anand during 21-23 September, 2010.
- A State level workshop on "Importance of Specialty Fertilizers in Increasing production of Horticultural Crops in Gujarat State" was organized by Anand Chapter of Indian Society of Soil Science, Anand Agricultural University, Anand & Gujarat Bagayat Vikas Parishad, Anand during 4-5 March, 2011.

### **Group Meeting**

 A 45<sup>th</sup> Annual Rice Group Meetings was organized at Anand Agricultural University, Anand during 4-6<sup>th</sup> April, 2010, on the occasion of Golden Jubilee year of the Gujarat State. Four hundred scientists working on rice research from rice growing states of all over the country as well as IRRI, Philippine attended the meeting. On 3 April, 2010 there was a preworkshop group meeting of individual disciplines.

- Regional Research Station, Anand has organized Annual Research Workers' Group Meeting of AICRP on Castor from 13-15 May, 2010.
- DBT Task Force Meeting was organized during March, 2011.

#### **Others**

- Farmers awareness programme on climate change organized by department of Agril. Meteorology, BACA, Anand at Navali on 11 May, 2010 and at KVK Mangal Bharati on 25 Feb., 2011 under Swarnim Gujarat programme.
  - The parthenium awareness week was celebrated by Weed Control Project during August, 2010 with great success and grandeur in collaboration with Directorate of Weed Science Research, ICAR, Jabalpur.
- Major Horse Show 2010-11 was organized on 2-4 Jan., 2011.
  - The farmer's awareness programme

was organized by Department of Agril. Meteorology under Agro advisory Service project on 15 March, 2011 at Jhankhla village of Anand district.125 farmers (112 men and 13 women) participated

in the programme and the topic covered weather forecast and agro advisory service and Effect of weather element in crop production.

# **EDUCATION**

# (1) Admission Procedure (Graduation and Diploma course)

HAPTER-5

AAU is mainly a residential University and follows Semester system of education. Courses of B.Sc.(Hons.) Agriculture, B. Tech. (Dairy Technology), B. Tech. (Agricultural Engineering), B.Tech. (Agricultural Information Technology), B. Tech. (Food Processing Technology) study are of four years duration, divided into eight semesters, while B.V.Sc. & A.H. course is of five years duration, divided into ten semesters. The medium of instruction is English. The Universities impart resident instruction for the graduate programmes at their constituent colleges with the eligibility and admission requirements as given in Table 5.1. Under the Semester system of education, all students are compulsorily required to stay in a University hostel, except otherwise permitted. Through online receipt of applications, a common merit list is prepared on the basis of Academic Regulations. Girl students (except girls of NRI/ payments seats) are exempted from tuition and hostel fees.

#### Admission Procedure (Post Graduate course)

A candidate aspiring to take admission in PG studies should have a graduate degree of the related field with an OGPA of not less than 6.00/10.00. A basic science graduate should have 60% in aggregate as well as in the field in which he/she seeks admission.

Entrance test and personal interview are conducted and admission is given as per the intake capacity. For admission in International Agri. Business Management Institute, graduates of agriculture and its allied science are eligible. Selection is made on the basis of merit in entrance test, group discussion and interview.

Two academic years (four semesters) are required for the course work, research and thesis preparation and examination leading to the Master's Degree. A minimum period of three academic years (six semesters) is required for the Ph.D. degree.

### **Intake Capacity**

Intake capacity for Post Graduate programmes in a particular discipline fixed on the basis of the concerned department's infrastructure and the experts / recognized teachers available. On the basis of the decision taken by the Academic Council, the intake capacity has been fixed and shown in Table 5.4.

#### **Post-Graduate study centre**

There is no separate building or department for the PG programme. The faculties meant for the UG studies teaches in their respective subjects.

### (2) Nodal Officer

As the Nodal Officer for Academic and Examination, Dr. A. M. Shekh successfully organized tedious and tiresome exercise of central admission at UG and PG level for four SAUs of Gujarat. As Nodal Officer, he convened meeting of Registrars and Deans of four SAUs and arranged for smooth conduct of examinations and paper evaluation.

#### (3) Centralized Admission Process

Under Section 25 (7) (g) of the GAU Act, 2004 the Council of State Agricultural Universities is assigned the function to supervise and coordinate the central admission to various degree courses at the University. However, since the Council does not have adequate staff, function of the central admission for all SAUs

of Gujarat are performed by the Nodal Officer & Vice Chancellor, Anand Agricultural University.

### Admission and Output

The advertisement was published in leading daily news papers for the admission. The application were processed through computer OMR system and merit list was prepared and declared on internet to call candidates for personnel interview / counseling. During the year under report, details of applications received and students admitted in four SAUs are given in Table 5.5.
