

**One Day Visit Organized by**  
**Industry Institute Interaction Cell -IIC**  
**CAET, AAU, Godhra**

**Event Organized**

The 18th Heads of State and Government Summit of the Group of 20 (G20), under the Indian Presidency, is scheduled to take place in New Delhi, India, during September 2023. The summit will revolve around the theme of 'One Earth, One Family, One Future'. As part of the G20 proceedings, the National Innovation Foundation (NIF), India, and the Indian National Science Academy (INSA), in association with the Science 20 (S20) engagement group, have arranged a series of expert lectures. The expert lecture be held at the Ahmedabad Management Association (AMA) located on Dr. Vikram Sarabhai Marg, University Area, Ahmedabad, on the 26th of June 2023, from 11:30 am to 12:15 pm. To enrich the event as the audience, students from CAET, AAU, Godhra, have been invited to participate. Under the guidance of Er. Chirag Jadav, Chairman of the Industry Institute Interaction Cell and Assistant Professor in Mechanical Engineering in the Basic Engineering & Applied Sciences Department, a visit has been organized for the students on the 26th of June 2023.

**About Event**

Prof. Ashutosh Sharma, the President of the Indian National Science Academy (INSA), delivered an enlightening expert lecture on the topic of "Disruptive Science for Innovative and Sustainable Development." His lecture was part of the broader theme focused on this subject. Prof. Sharma shared valuable insights with the attending students, shedding light on the role of disruptive science in driving innovations and fostering sustainable development. During his lecture, Prof. Ashutosh Sharma actively encouraged students from various universities to actively participate by openly sharing their doubts, queries, and questions. This interactive approach created an engaging environment that facilitated meaningful discussions and promoted the exchange of knowledge among the students. By actively involving the students, Prof. Sharma ensured a deeper understanding of the subject matter and fostered a collaborative learning experience.

Additionally, Prof. Ashutosh Sharma presented official data comparing startups before 2011 to the current year, illustrating the impact of disruptive science on innovation and sustainable development. He provided various examples to demonstrate how disruptive science contributes to advancements and sustainable progress. Overall, Prof. Sharma's lecture

provided valuable insights into the relationship between disruptive science, innovation, and sustainable development.

### **Key Role of Officer, Faculty and Staff**

The visit was impeccably organized and flawlessly executed, thanks to the dedicated efforts of Er. Chirag Jadav, Chairman of the Industry Institute Interaction Cell, and Assistant Professor. Dr. Mukesh Tiwari, Head of the Soil and Water Conservation Department, and Er. Suryaprakash Suryavansi, SRA of the IDE Department, also contributed their unwavering commitment to ensuring the smooth functioning of all activities throughout the day. A special mention goes to Er. Kapil Mandloi, Head of the BEAS Department, whose steadfast support was invaluable. The success and productivity of the event were further enhanced by Dr. R. Subbaiah, the Principal and Dean of CAET, AAU, Godhra.
