

## Farmer- Scientist interactive session organised at ARS, Sansoli

## (Date. 08/03/2017)

An interactive session between farmers and agricultural scientists of Agricultural Research Station, Sansoli was oraganised at Farm Technology Training Centre (FTTC) in collaboration with Agricultural Technology Management Agency (ATMA) on 8<sup>th</sup> March, 2017. The main objective of this programme was to solve out the problems perceived by farmers in relation to crop production practices. Total 30 farmers from different villages of Mahemdavad taluka got benefited in the said programme.

Crop husbandry related issues of farmers were also solved out by the scientists of this centre. A brief outline on "Importance of Plant Breeding and Genetics in Agriculture" was explicated by Dr. B. N. Patel (Associate Research Scientist and Unit Head, ARS, Sansoli), During the interaction, plant protection related problems of farmers were solved out by Prof. M. B. Zala (Assistant Research Scientist, ARS, Sansoli) and elaborated his views on "Different Measures of Plant Protection and Its Need". Lecture on "Affluence of Mass Media in Agricultural Sector" was given by Prof. S. A. Sipai (Assistant Extension Educationist, ARS, Sansoli).
