- Miss. Supriya Meena, University Coordinator of AGRIVISION, AAU, Anand;

AGRIVISION:

Agriculture is the root occupation of Indian economy. About 70 % people depend on agriculture for their livelihood and employment out of one hundred. Latest goal given by government to doubling the farmer's income could be achieved through bringing rural prosperity and wisely use of agricultural resources with economic growth. AGRIVISION is a forum of agricultural scientists, professionals, educationists, students and policy maker who continuously organize brain storming seminars, conventions and events to think and attain the issues in the field of agricultural research, education, government policy, etc. AGRIVISION focus on the system, which is based on Indo-centric themes with trans-disciplinary research and sustainable exploitation of our resources, balancing with natural environment and ecological security. It was started in 2015 with substantial support by ICAR, New Delhi. Presently it has main center at IARI, PUSA Campus, New Delhi.

ANANAD AGRICULTURAL UNIVERSITY:

Anand Agricultural University (AAU) was established in 2004 at Anand with the support of the Government of Gujarat, Act No.(Guj 5 of 2004) dated April 29, 2004. Caved out of the erstwhile Gujarat Agricultural University (GAU), the dream institution of Sardar Vallabhbhai Patel and Dr. K. M. Munshi, the AAU was set up to provide support to the farming community in three facets namely education, research and extension activities in Agriculture, Horticulture, Engineering, Product Processing and Home Science. At present there are seven Colleges, seventeen Research Centers and six Extension Education Institute working in nine districts of Gujarat namely Ahmedabad, Anand, Dahod, Kheda, Panchmahal, Vadodara, Mahisagar, Botad and Chhotaudepur

AAU's activities have expanded to span newer commodity sectors such as soil health card, bio-diesel, medicinal plants apart from the mandatory ones like rice, maize, horticulture crops, forage crops, animal breeding, nutrition and dairy products etc. the core of AAU's operating philosophy however, continues to create the partnership between the rural people and committed academic as the basic for sustainable rural development. In pursuing its various programs AAU's overall mission is to promote sustainable growth and economic independence in rural society through education, research and extension education.

SPECIAL LECTURES ON; Agrivision at India and Gujarat State; Strength and weakness of Indian Agriculture – Experience of Technocrats; Futuristic Technology in Agriculture, i.e. Drone, Artificial intelligent, Robotics, Nano Technology, Information Technology in Decision and Marketing; Resource Management and Sustainable Agriculture through Organic Farming and Zero Budget Farming; Advance Technology application in Agricultural and Allied Science for Entrepreneurship and Rural Development through agriculture in Gujarat, Technicality of Crop Insurance, **Krushis Sansad:** Agricultural Educationists, Students, Professional, etc. vs Government and Policy makers.

Transforming Bharat Through Agriculture

THEME AREA:

- “Latest Trends and Technologies in Area of **Agricultural Sciences**”
