

## **“Awareness Lecture on Pollution by NCC (Girls)”**

**(Date: 11/07/2019, PG Seminar Hall, BACA, AAU, Anand )**

As we are aware that Pollution causes very dangerous & hazardous effects on the environment which depletes the natural balance of the environment. The environment is degraded due to the addition of pollutants in the natural resources of the environment such as air, water or soil. As responsible citizens, it is now our responsibility to play a key role to mitigate the effects of such pollutants and make the next generation aware about the causes and its remedies also.

With this aim and as a part of celebration of “Awareness on Pollution” pakhwada by 4 GUJ Girls BN NCC, Girls NCC of B. A. College of Agriuculture has arranged lecture on 11/07/2019 at PG seminar Hall, BACA, AAU, Anand on “Pollution” by Shri Dhaval Patel, Managing Trustee of Vidhyanagar Nature Club, Vidhyanagar for delivering lecture on various kinds of pollutions and their causes. He gave the information of various causes and sources of pollutions with very informative power point presentation and he also focused on how it can be reduced through creating awareness and by taking small steps we can also contribute to save environment. He also inspired the cadets to play crucial role as a youth to mitigate the same. Throughout History humans have looked to the sky to navigate the vast oceans, to decide when to plant their crops and to answer questions of where we came from and how we got here. It is a discipline that opens our eyes, gives context to our place in the Universe and that can reshape how we see the world. Astronomy and related fields are at the forefront of science and technology; answering fundamental questions and driving innovation.

More than 64 cadets and students of BACA and other colleges also participated and Lt. Rucha Dave, ANO, NCC Girls, BACA had coordinated the programme.
