1. This memorandum of Understanding made this day, i.e. **Dt.18/11/2019** between the **India Meteorological Department (IMD)**, Ministry of Earth Sciences(MoES) with its office at Mausam Bhawan, Lodhi Road, New Delhi – 110003, (hereinafter referred to as “**IMD**” which expression shall unless excluded by or repugnant to the context be deemed to include its successors in office and assignees) of the one part AND the **Anand Agricultural University, Anand** established under act **Gujarat Agricultural University Act, 2004 (Gujarat Act., No. 5 of 2004)** to the state of **Gujarat** (hereinafter referred to as “**AAU**” which expression shall, unless excluded by or repugnant to the context, be deemed to include its successors in office and permitted assignees) of the other part.

Whereas the Government of India has entrusted upon India Meteorological Department (IMD) the task of development of Agro-Meteorological Advisory Services in the country. In pursuance hereof, IMD has set up in the country a network of about 130 Agro-Meteorological Field Units (AMFUs), which are multidisciplinary units responsible for preparation and dissemination of agromet advisories. Whereas the AAU is willing to continue as AMFU set up and functioning at **Anand** and **Arnej** under its jurisdiction. Now, it is hereby agreed as follows:

2. Each AMFU (at Anand and Arnej) will be manned by an Agro-meteorologist who would utilize the relevant meteorological products provided by IMD to generate specific advisories for agricultural management for the respective district and Agro Climatic Zones (ACZ) identified under the area of its jurisdiction and disseminates the same to the farming community. In addition to that an OBSERVER will be appointed who will record the observation and transmit on real-time basis to IMD and also assist the Scientist in maintenance of the observatory. The responsibilities of AMFUs would include preparation of weather based advisories for management practices in agriculture after due consultation with subject matter specialist/scientists/professors of concerned disciplines and disseminate the same to the end users using all possible modes of communication. It will also liaise and engage with Indian Council of Agricultural Research (ICAR), District Agriculture/Horticulture/Animal husbandry Officers, Krishi Vigyan Kendras (KVKs) and other agencies to render Agromet Advisory Service in a holistic manner. It will also disseminate advisories through all possible means to have outreach up to village level and arrange to provide necessary feedback to IMD for development of :
- i) Relevant Agromet Advisories for the stressed crops/livestock etc.
  - ii) Regional/locale-specific agromet predictive models;
  - iii) Crop-weather relationships and crop calendar
  - iv) Forewarning models for weather and climate based pests and disease etc.
  - v) The responsibility of mentoring and guiding respective KVKs under their ACZ jurisdiction to build and operate District Agro-Met Units (DAMU) to serve district/sub-district specific AAS responsibility at par with AMFUs.
