

Capacity Building Training Programme organized by KVK, AAU, Dahod

The 5th Capacity Building Training Programme on 'Scientific Goat Farming' under the Project entitled 'Capacity Building of Farmers through Training Programmes on Profitable Dairying Farming and Livestock Management' for the year 2022-23, was organized by KVK, AAU, Dahod. The 3 days training programme was held from 01/03/2023 to 03/03/2023, wherein a total of 71 farmers and farm women participated enthusiastically.

The programme was started by playing our University song followed by the traditional lighting of lamp. Thereafter, Dr. H.L. Kacha, Senior Scientist and Head, KVK, AAU, Dahod, welcomed the participants and provided an overall gist of the three day schedule. Further, the programme continued smoothly with Lectures, Slide shows and Film shows as per schedule by Dr. R. Radha Rani, Scientist (Animal Science), KVK, AAU, Dahod. In the afternoon of the second day, the participants had an exposure visit to the Institute's IFS model farm. There were elaborate discussion sessions in the dairy and poultry units, along with an enthusiastic interactive and practical session in the Goat unit. The valedictory function was held in the afternoon on day 3rd, which included certificate distribution to the participants, feedback from participants and vote of thanks by Dr. G.K. Bhabhor, Scientist (Extension Education), KVK, AAU, Dahod. The entire programme was smoothly conducted by Dr. N.D. Makwana, Scientist (Agronomy), KVK, AAU, Dahod.
