Expert lecture on “Recent Advances in Medicinal plants and their applications for human health” was organized at BACA

As a part of platinum jubilee celebration of B. A. College of Agriculture, Dept. of Plant Physiology, BACA, AAU organized expert lecture under the guidance of Dr. K. B. Kathiria, Hon. Vice Chancellor, AAU, Anand and Dr. Y. M. Shukla, Principal & Dean, BACA, AAU, Anand on 18th June, 2022.

The lecture on “Recent Advances in Medicinal plants and their applications for human health” was delivered by Prof. (Dr) M. Daniel, Former Head Department of Botany & Dean Faculty of Science, The M. S. University of Baroda. The aim of the lecture was to make social awareness about the importance of plants and their pharmacological uses in our day to day healthy and wealthy life.

Dr. Daniel covered the different aspects of Ayurvedic and Herbal medicines, Health Problems existing in India and how to overcome it by scientific way. The talk was very informative and interesting.

The eminence of lecture was glorified by the presence of Ex Deans & Principal Dr. M. V. Patel and Dr. G. C. Jadeja, Ret. Prof. Dr. A. D. Patel, Plant Physiologist, all the HODs and faculty staff of BACA as well as PG and UG students of the colleges.

The programme was nicely co-ordinated by Dr. S. J. Macwan, Head of the Department of Pl. Physiology with support from PG students, Ms. Krishna Patel, Jatin Ghadiyali, Kamallesh Choudhary. Vote of thanks was delivered by Saumiya Shruti.
