

One Day Visit Organized by
Industry Institute Interaction Cell -IIC
CAET, AAU, Godhra

Event Organized

The 18th Heads of State and Government Summit of the Group of 20 (G20), under the Indian Presidency, is scheduled to take place in New Delhi, India, during September 2023. The summit will revolve around the theme of 'One Earth, One Family, One Future'. As part of the G20 proceedings, the National Innovation Foundation (NIF), India, and the Indian National Science Academy (INSA), in association with the Science 20 (S20) engagement group, have arranged a series of expert talks and round the table discussion with students from various institutes. The expert talk and discussion with Dr Dinesh Awasthi be held at the Ahmedabad Management Association (AMA) located on Dr. Vikram Sarabhai Marg, University Area, Ahmedabad, on the 26th of June 2023, from 02:30 pm to 3:00 pm. To enrich the event as the audience, students from CAET, AAU, Godhra, have been invited to participate. Under the guidance of Er. Chirag Jadav, Chairman of the Industry Institute Interaction Cell and Assistant Professor in Mechanical Engineering in the Basic Engineering & Applied Sciences Department, a visit has been organized for the students on the 26th of June 2023.

About Event

That sounds like a wonderful and engaging expert talk by Dr Dinesh Awasthi, Vice-Chancellor, Lok Jagruti University, Ahmedabad on the theme of "Disruptive Science for Innovative and Sustainable Development," with a specific focus on the sub-theme of Science for Society, Culture & Heritage. It's great to hear that Dr. Awasthi actively encouraged student participation and created a platform for knowledge exchange among the students. It's fascinating to learn about Dr. Awasthi's extensive involvement and contributions in academia, advisory roles, and social entrepreneurship. His diverse experiences and expertise are likely valuable assets in various domains.

As a visiting professor at the Sardar Patel Institute of Economic and Social Research in Ahmedabad, Dr. Awasthi likely brings his knowledge and insights to contribute to the understanding of economic and social aspects of research.

In his role as an adviser to the Society for Research and Initiatives in Sustainable Technologies and Institutions (SRISTI) in Ahmedabad, Dr. Awasthi likely provides guidance on sustainable technologies and institutions, working towards the implementation of sustainable solutions.

His past positions as a professor and director at the Entrepreneurship Development Institute of India in Ahmedabad and as a professor at the Indian Institute of Management (IIM) in Lucknow demonstrate his expertise in strategic management, entrepreneurship, and the development of entrepreneurial ecosystems. These experiences likely equip him with valuable insights into fostering entrepreneurship and supporting the growth of entrepreneurial ventures.

Dr. Awasthi's involvement as a chairperson and member of governing boards of various national and international social enterprises, committees set up by the government, as well as incubators and NGOs, reflects his commitment to social development and his ability to contribute to policy-making and strategic initiatives.

His work with multilateral/donor agencies such as the ILO, UNIDO, UNDP, The British Council, and The World Bank showcases his international exposure and engagement in global development projects.

Dr. Awasthi's establishment of entrepreneurship development institutions in Cambodia, Laos, Myanmar, and Vietnam highlights his efforts in promoting entrepreneurship and capacity building in different regions.

Through his publications, including books, research papers, and reports, Dr. Awasthi shares his knowledge and research findings on various dimensions of entrepreneurship. His expertise as an independent researcher and speaker in development studies, technology entrepreneurship, social entrepreneurship, and monitoring and evaluation studies likely make him a valuable resource for students.

It's commendable that Dr. Awasthi actively engages students in discussions and effectively addresses the contemporary issues they bring forth. Such interactions foster learning and enable students to gain insights from his expertise and experiences.

Overall, Dr. Awasthi's diverse roles and experiences demonstrate his significant contributions in academia, advisory capacities, and social entrepreneurship. His expertise in development studies, entrepreneurship, and sustainable technologies makes him a valuable resource for students and stakeholders alike.

Key Role of Officer, Faculty and Staff

The visit was impeccably organized and flawlessly executed by Er. Chirag Jadav, Chairman of the Industry Institute Interaction Cell, and Assistant Professor. Dr. Mukesh Tiwari, Head of the Soil and Water Conservation Department, and Er. Suryaprakash Suryavansi, SRA of the IDE Department, also contributed their unwavering commitment to ensuring the smooth functioning of all activities throughout the day. A special mention goes to Er. Kapil Mandloi, Head of the BEAS Department, whose steadfast support was invaluable. The success and

productivity of the event were further enhanced by Dr. R. Subbaiah, the Principal and Dean of CAET, AAU, Godhra.
