

Kapila Gau Sanshodhan Kendra

Minawada

Profile:

Kapila Gau Sanshodhan Kendra, Minawada was established in 2011 with the main objective of “Establishment of Nuclear herd of Kankrej cattle at Minawada”. It is located in Village Minawada which is about 50 km away from Anand having 43.22 ha land. This station is having a project on Research on Silvipasture System and forage crops. Various activities like research on silvipasture system, kharif and rabi crops seed production, green and dry fodder production etc. are carried out at this centre.

Kapila Gau Sanshodhan Kendra organized 4 farmers training, planted 2185 plants/trees and produced 27575 kg seed and 261300 kg fodder. This centre produced and supplied 32500 root slips of Hybrid Napier and 22000 root slips of Marvel grass to farmers. The centre completed three agriculture based research trials under Forage Research Station, AAU, Anand.

Faculties:

Sr. No.	Name with photograph	Designation	Phone (o)	Cell No	Inter Com No	E-mail
1	 Dr. M. M. Islam	Associate Research Scientist & Head	-	78787 27966	-	kapila@aau.in mmislam@aau.in
2	 Dr. C. P. Parmar	Assistant Research Scientist	-	81418 35026	-	chiragvet27@aau.in

Major Activities:-

I. Teaching:

- A. UG Courses - NA
- B. PG Courses - NA

II. Research

- A. Research Project Completed : Nil
- B. Research Project Ongoing : Two

Sr. No.	Title	Agency	Period	Recurring Budget outlay	PI/CO-PI
1	North Cattle Breeding Farm	State Govt.	Non-plan B.H. 1312 Since long	4,00,000/-	PI- Dr. M. M. Islam CO-PI- Dr. C. P. Parmar
2	Research on Development of Silvipasture at Minawada	State Govt.	B.H. 12989-04 From 2014	14,00,000/-	PI- Dr. M. M. Islam CO-PI- Dr. C. P. Parmar

C. No. of M.V.Sc. & Ph. D. degrees awarded

M.V. Sc : Nil

Ph. D. : Nil

D. Research publications: -

Research article : Nil

Lead paper : Nil

E. Research Recommendations: Nil

III. Extension

1. Production & demonstration of fodder and fodder seed.
2. Livestock owners/farmers are also given training on scientific animal husbandry.
3. Faculties participated in Krishi Mahotsav.
4. Supply of fodder saplings to the farmers.

Achievements & Future Thrust Areas

- Research and Development on Silvipasture System
