Motivational talk on “Entomology: Prospects and Future” organized

With a view to sensitize and motivate the students about their opportunity at industrial level, an expert lecture on ‘Entomology: Prospects and Future’ was organized by the Department of Agricultural Entomology, B. A. College of Agriculture, Anand Agricultural University, Anand on 15th November, 2022 under the guidance from Dr. K. B. Kathiria, Hon.’ Vice chancellor, AAU, Anand. The lecture was delivered by Dr. Hemal Bhatt, an alumna of BACA and Board-Certified Entomologist (BCE), Orkin Pest Control, Canada. The event commenced with verbal welcome of the guest and dignitaries by Dr. H. C. Patel, Assistant Professor, Dept. of Agril. Entomology followed by floral welcome to the eminent speaker by Dr. D. B. Sisodiya, Professor & Head (I/c.), Dept. of Agril. Entomology. Dr. D. B. Sisodiya briefed about enlightening educational journey of the speaker and also will be inspiration source for all budding students. The lecture was organized with an objective of creating awareness about the major prospects of learning entomology as well as glorious future of entomologist in India and abroad. The information covered various job opportunities in Canada related to entomology and also discussed different ways to go abroad and technical fields in which freshers can apply. Speaker also shared his thorough experience about pros and cons of abroad life as well as initial difficulties faced by new comers. The lecture was rather fluent and audience was thoroughly heartened with the information received. The event was glorified by the presence of entomologists working in the various positions of the university. Dr. A. D. Patel, Retd. Professor and Head, Department of Entomology, BACA, AAU, Anand also shared his latest experience of abroad visit and congratulated Dr. D. B. Sisodiya and his team for organizing such an informative and enlightening lecture for the present faculties along with undergraduate and postgraduate students. The event was hosted by Dr. H. C. Patel, Assistant Professor, Dept. of Agril. Entomology. The occasion also served as the platform to felicitate Dr. Hemal Bhatt for spacing precious time and sincere efforts in making the lecture a grand success.

Glimpses of the lecture on 'Entomology: Prospects and Future'
