

Dr R V Vyas, CPI and Mrs H N Shelat, CCPI of AAU-BPDU which is sub project under NAIP of ICAR a World bank project were honoured during XXII Meeting of ICAR Regional Committee No. VI by Director General, ICAR on 16th November, 2012 held at CAZRI, Jodhpur. AAU's microbiology team had developed the Liquid biofertilizers technology as a safe alternative to carrier based biofertilizers. Being of non-chemical nature, Liquid biofertilizers, which are known to increase crop yields by 8 to 10 per cent, can be used as a component of organic farming. AAU has given licences for commercial use of this technology to three firms :-GSFC, GAIC and Kemrock Agritech Private Limited.

Award received by Dr R V Vyas and Mrs H N Shelat from Dr S Ayappan, Director General, ICAR in esteemed presence of Dr A M Shekh, Vice Chancellor, AAU
