

Crop Demonstration cum Group Meeting organized by ARS, Sansoli

(Date. 24/05/2017)

Agricultural Research Station, Sansoli organized 'Crop Demonstration cum Group Meeting on Green gram (Variety:-GAM-5) under the scheme “Strengthening Adaptive Research in All Agro Climatic Zone of the State at Anand” at Sankhej village of Kheda taluka on 24th May 2017. Prof S. A. Sipai (Assistant Extension Educationist, ARS, Sansoli) and Dr. T. R. Patel (Research Associate, ARS, Sansoli) delivered their talk on advantages of different improved varieties of green gram released for this region. During said programme, significant yield attributing characters of GAM-5 were demonstrated at farmers’ field to create interest in farmers regarding cultivation of green gram keeping focus on its amazing health benefits. During the interaction, various queries of farmers regarding crop production and protection practices of green gram were discussed and solved.
