

TREE PLANTATION AT VASO CAMPUS, AAU, VASO – 387 380

“Let us provide a safe place to live for our children and to our grand children”

In order to restore the eco-balance of the deforestation, the *green-drive* of “**Tree Plantation**” was taken with keen interest at the **College of Agriculture & Polytechnic in Agriculture, Vaso** on 27th July, 2018 in different parts of campus under the National Service Scheme (NSS). All the students of College of Agriculture and Polytechnic in Agriculture as well as all faculties were highly enthusiastic to make it a big success. The students and staff altogether planted saplings with a commitment for raising them in future. Tree planting event connected the students to the benefits of trees and fostered environmental sensitivity in them and also brought closer to the environment.
