

KVK Devataj Celebrated “World Food Day”

Krushi Vigyan Kendra, AAU, Devataj celebrated World Food Day on October 16, 2019 at KVK, Devataj campus. This program is attended by 50 farm women. Dr. S.B. Katole, Scientist (Animal Science) told that this day is celebrated every year on October, 16 as this is the foundation date of the Food and Agriculture Organization of the United Nations and Food Day is a global day of action that focuses on hunger issues. He discussed the role of nutritious diet in early life of children, pregnant women, older peoples and requested to stay away from frozen and processed food. Furthermore, He discussed the theme of World Food Day 2019 i.e. “Our Actions Are Our Future Healthy Diets for a #Zero Hunger World”.

Dr. R.M. Patel, Scientist (Plant Protection) discussed the role of food in day-to-day life. He also discussed value added products for better nutrition. Mrs. A.N. Jadav, Programme Assistant (Home Science) KVK, Devataj discuss how to increase the nutritive value of locally available product for children. Dr. Y.C. Lakum, Scientist (Agronomy) discussed the importance of pulses in day to day life. Mr. J.H. Bhatt, Scientist (Fisheries) told the farmers regarding sanitation, hygiene and drinking water management.

During interactive session farm women discusses the various problems related to Agriculture and Animal Science. Vote of thanks proposed by Dr. R.M. Patel, Scientist (Plant Protection)

Glimpses of World Food Day
