PLACEMENT BROCHURE 2018

B. Tech (Food Processing Technology)

M. Tech (Food Processing Technology)

**College of Food Processing Technology and Bio-Energy
Anand Agricultural University, Anand, Gujarat, India**

Dr. D. C. Joshi
Principal & Dean
College of FPT&BE

MESSAGE

A strong and dynamic food processing sector plays a vital role in reduction in the wastage of perishable agricultural produce, enhancing shelf life of food products, ensuring value addition to agricultural produce, diversification and commercialization of agriculture, generation of employment, enhancing income of farmers and creating surplus for the export of agro & processed foods. The Indian food industry is poised for huge growth, increasing its contribution to world

food trade every year. In India, the food sector has emerged as a high-growth and high-profit sector due to its immense potential for value addition, particularly within the food processing industry. The Indian food processing industry, one of the largest industries in India and is ranked fifth in terms of production, consumption, export and expected growth. It contributes around 8.80 and 8.39 per cent of Gross Value Added (GVA) in Manufacturing and Agriculture respectively, 13 per cent of India's exports and 6 per cent of total industrial investment.

Considering the huge demand of the specialized human resource for the fast growing sectors of food industry, the Anand Agricultural University has established a full-fledged College of Food Processing Technology & Bio-Energy. It develops students with high-tech scientific knowledge and technical skills to handle various food resources from farm-to-factory-to-consumers. Efficient production, processing and packaging of various value added processed food products of very high quality are the main aspects being taught to the students. The college produces competent food technologists/engineers to establish, operate and manage various sectors of food processing industries.

We gratefully acknowledge the warm response, encouraging support and interest shown by reputed organizations in recruiting our students in past years. We, welcome industries for interviewing and recruiting our students and for continuing institute-industry relationship.

D C Joshi
(D C Joshi)

College at a glance

Aptly recognised as the 'sunrise industry', providing vital linkages between the two pillars of our economy – manufacturing and agriculture – the Food Processing industry in India is undergoing a significant transformation. Though low levels of processing and market share in the global arena suggest an untapped opportunity to capitalise on India's enormous raw material base and propel exports, they also indicate few critical challenges to be trounced to sustain continual growth of the industry. The manufacturing of food products of consistent quality and nutritional value at affordable cost is essential to the success of the food industry. The efficient use of resources is the growing concern for all involved in food production, processing, distribution and retailing. The food industry in the country is poised for modernization, which necessitates special attention towards availability of qualified technical manpower. Considering the huge demand of the specialized human resource for the fast growing sectors of food industry, the Anand Agricultural University has established a full-fledged College of Food Processing Technology & Bio-Energy. College offers B. Tech, M. Tech & Ph. D. programmes in the discipline of Food Processing Technology. Academic campus of the College of Food Processing Technology & Bio Energy is established on a total land area of 4.19 hectares, with seven modern classrooms with audio visual facilities, thirty well equipped laboratories, ten experiential learning units, a special state-of-art NABL accredited Food Quality Testing Laboratory and a unique Incubation-cum-Center of Excellence in food processing.

Vision

Providing excellent food processing professionals to the industry.

Mission

The primary mission of the college is to produce highly skilled, competent and motivated technical manpower for food processing and allied industries. The technocrats so produced will also be competent to handle all the aspects of Government Departments, research institutes, quality testing laboratories and other related agencies. Also, the college is concerned with the exploitation of novel techniques and technologies to maximize the use of food resources.

Goal

The goal of the college is to promote the integration of teaching, research and extension in the area of food processing and bio energy by serving as a premier educational and research institute in the State of Gujarat and in India.

Departments & faculties

Principal and Dean

D. C. Joshi, Ph D, IIT, Kharagpur

Department of Food Processing Technology

H. Pandey, M Tech, Asso. Professor & Head
Amees Ravani, M Tech, Assistant Professor
H. P. Sharma, M Tech, Assistant Professor
G. P. Tagalpallewar, M Tech, Asstt. Professor
R. B. Modi, M Tech, Assistant Professor
N. R. Sardar, M Tech, Sr. Research Assistant
Swati Andani, M Tech, Sr. Research Assistant

Department of Food Engineering

A. K. Sharma, Ph D, Asso. Professor & Head
N. V. Shah, M E, Assistant Professor
M. A. Makwana, M Tech, Assistant Professor
A. N. Nakiya, M Tech, Assistant Professor
T. H. Bhatt, M Tech, Assistant Professor
A. Nema, Ph D, Assistant Professor
J. P. Rathore, M Tech, Sr. Research Assistant

Department of Post Harvest Engineering & Technology

R. F. Sutar, Ph D, Professor & Head
S. H. Akbari, Ph D, Associate Professor
B. L. Jani, M Tech, Sr. Research Assistant

Department of Food Quality Assurance

R. V. Prasad, Ph D, Professor & Head
H. G. Bhatt, Ph D, Associate Professor
B. H. Joshi, Ph D, Associate Professor
K. S. Damle, M Sc, Assistant Professor
J. K. Momin, M Tech, Assistant Professor
R. M. Dhingani, M Sc, Assistant Professor
A. M. Patel, M Tech, Assistant Professor

Department of Food Business Management

S. Dutta, Ph D, Associate Professor & Head
P. S. Parsania, M Sc, Assistant Professor
N. M. Chavda, M Phil, Assistant Professor
D. B. Patel, MBA, Assistant Professor

Department of Bio-Energy

S. S. Kapdi, Ph D, Professor & Head
K. V. Vala, M Tech, Assistant Professor

Laboratories and Experiential Learning Units

Laboratories

The college has excellent laboratory facilities, which offer practical learning opportunities for students. All the following laboratories are equipped with experimental tutors, sophisticated processing and analytical instruments which enable the students to get practical knowledge of subjects taught.

- Primary processing lab
- Grain milling lab
- Storage engineering lab
- Engineering properties lab
- Food processing technology lab
- Food product development lab
- Dairy products lab
- Packaging technology lab
- Sensory lab
- Food rheology lab
- Advance food technology lab
- Animal products lab
- Food chemistry lab
- Food microbiology lab
- Food biotechnology lab
- Food quality assurance lab
- Mechanical engineering lab (workshop)
- Fluid mechanics & material lab
- Electrical engineering lab
- Electronics & process control lab
- Civil engineering lab
- Heat & mass transfer lab
- Food irradiation research lab
- Advance food engineering lab
- Biochemical conversion lab
- Biomass gasification lab
- Solar & wind energy lab
- Environment engineering lab
- Computer Lab
- Language Lab

Food Quality Testing Laboratory

A special NABL accredited state-of-art Food Quality Testing Laboratory, established by Ministry of Food Processing Industries, Government of India has all the sophisticated high-end analytical facilities of international standard.

Commercial testing of food samples are carried out in the laboratory for the various parameters besides using it for higher level research.

Various experiential learning units of pilot scale processing lines have been installed in the college for hands on experience and in-plant exposure to the students. These units are also used to provide training to food industry personnel and unemployed youth. The pilot plant facility is also utilized for testing new technologies and test manufacturing of new food products. Experiential learning with following pilot plants are available:

- Fresh fruits & vegetables pack house
- Fruits & vegetables canning line
- Beverages bottling line
- Bakery & snacks processing line
- Health food processing line
- Individual Quick Freezing (IQF) line
- Food dehydration line
- Experimental pulse mill
- Experimental biodiesel plant
- Bio energy park

Incubation-cum-Center of Excellence in Food Processing

The college has an unique Incubation-cum-Center of Excellence in food processing equipped with the modern, latest and sophisticated equipment, instruments, set-ups to facilitate world class research.

The facilities include gamma irradiation unit, cryogenic grinding unit, super-critical fluid extraction system, heat pump drying, microwave vacuum drying, solar hybrid refrigeration system and others.

Course curriculum – B. Tech (FPT)

Food Processing Technology

Food Processing Technology - I
Food Processing Technology – II
Processing Technology of Food Grains
Processing Technology of Fruits & Vegetables
Processing Technology of Milk & Milk Products
Processing Technology of Meat, Fish & Poultry
Processing Technology of Spices & Plantation Crops
Design & Formulation of Foods
Food Packaging Technology & Equipment
Bakery & Confectionary Products (Elc.-I)
Functional Foods & Nutraceuticals (Elc.-II)

Food Quality Assurance

Food Chemistry
Food Microbiology
Food Biochemistry & Human Nutrition
Food Plant Sanitation
Food Regulations & Quality Assurance

Food Engineering

Thermodynamics
Fluid Mechanics
Food Process Engineering - I
Food Process Engineering - II
Material Science & Engineering
Food Refrigeration & Air conditioning
Process Equipment Design
Bio Process Engineering
Food Plant Utilities & Services
Process Control in Food Industry
Food Plant Design & Layout
IT Applications in Food Industry
Dairy Engineering (Elc.-III)

Post Harvest Engineering

Engineering Properties of Biological Materials
Post Harvest Engineering
Storage Structures & Environment Control

Food Business Management

Project Mgt. & Entrepreneurship Development
Marketing Management & International Trade

Experiential Learning

Food Process Plant Experience
Educational Tour

Bio Energy

Bio energy

Core Engineering

Basic Mechanical Engineering
Basic Electrical Engineering
Basic Civil Engineering
Basic Electronics & Instrumentation Engineering
Computer Programming & Data Structures
Engineering Drawing & Graphics

Basic Sciences & Humanities

Engineering Mathematics - I
Engineering Mathematics – II
General Chemistry
General Microbiology
Crop Production Technology
Language & Communication Skills
Environment Science
Statistics & Optimization

Course curriculum – M. Tech (FPT)

Major courses

Post Harvest Technology of Agro-produce
Advanced Food Process Technology
Technology for RTE/RTC Food Products
Advance Lipid Technology
Fermented Food Products Technology
Advanced Food Engineering
Advanced Protein Technology
Operation Research and MIS
Biotechnology in Food Processing
Food Additives and Preservatives

In – Plant Training Special Problem Seminar

Minor courses

Non-conventional Sources of Energy
Biomass Energy Systems & Management
Bio-environmental Engineering

Compulsory courses

Library & Information Services
Technical Writing & Communication skills
Intellectual Property & its Management in Agri. (e-course)
Basic Concepts in Laboratory Techniques
Agril. Research, Research Ethics & Rural Development Programme (e-course)
Disaster Management (e-course)

Supporting courses

Experimental Design
Food Chemistry & Analysis

Thesis

Research Project

Industry Partners for Training & Placement

A full-fledged training and placement cell exists in the college, which helps the students in deciding their choice of organization for training and job placement.

The Training & Placement cell of the college maintains live contacts with the industry and organizes one semester and two months in-plant trainings for the final year undergraduate and postgraduate students, respectively, in reputed food processing and relevant industries.

College arranges in-plant training cum placement sessions for the benefit of both the students and the industries. Students selected in such session continues their jobs in the same industry where they completes their in-plant training.

College also organizes campus interviews for the recruitment of the pass outs by inviting reputed food business houses.

Personality development programmes by professionals on how to write effective resumes, how to face interviews/group discussions, the role of body language and overall development of positive thinking and attitudes is also organized by the Training & Placement cell from time to time.

Students' Profile - B.Tech (FPT)

B.Tech (Food Processing Technology) - 2018 batch

Barad Ravina R.

Date of Birth : 2nd March, 1997
Contact No. : +919227322706
E-mail : ravinabarad@gmail.com
Permanent address : At- Rathod Sheri, Devli ,Ta-Kodinar, Dist- Gir Somnath, State- Gujarat.
