

E -2. Demonstration cum training program on agricultural implements at Devgadhbaria

A training cum demonstration program was organized on 09th September 2015 by College of Agricultural Engineering and Technology Godhra in association with Tribal Training Centre, Devgadhbaria under project “Developing a model village incorporating farm mechanization and watershed concepts” at Tribal Training Centre, Devgadhbaria. About 135 tribal farmers/women were present in the programme. Later, equipments procured under the said projects were distributed to the farmers for the effective use in their agricultural fields.
