

E-8. Demonstration cum training program on agricultural implements at Jabugaon

A training cum demonstration program was organized on 09th February 2017 by College of Agricultural Engineering and Technology Godhra in association with College of Agriculture, Jabugaon under project “Developing a model village incorporating farm mechanization and watershed concepts” at College of Agriculture, Jabugaon. About 100 tribal farmers/women were present in the programme. Equipment procured under the said projects were distributed to the farmers for the effective use in their agricultural fields.
