Program at Dahod

2017-2018

Sr · No ·	Detail of activity	Date	Place	Beneficiaries
1.	Training program on Scientific farming practices and value addition of custard apple	20/02/18	CAET, Godhra	50

		
2.	Training program on Scientific farming practices and value addition of soybean	17/03/18 CAET, Godhra 50
		

2018-2019

Sr. No.	Detail of activity	Date	Place	Beneficiaries
1.	Training program on Post Harvest Processing and Value Addition	20/09/2018	CAET, Godhra	60

Farmers Training Program

A training program on 'Post Harvest Processing and Value Addition' was organized by Processing and Food Engineering Department at College of Agricultural Engineering and Technology, Anand Agricultural University, Godhra on 20.09.2018. About 60 farmers form District Dahod actively participated in the training program. The processing, drying, storage, value addition aspects were discussed during the program followed by demonstration on soy milk and paneer. Faculty members, staffs and PG students of the department were actively involved in successful organization of training program.

2.	Training program on processing, storage and value addition	01/10/18	CAET, Godhra	50
----	--	----------	--------------	----

Farmers Training Program

A training program on ‘Enhancement of income through processing and value addition’ was organized by Processing and Food Engineering Department at College of Agricultural Engineering and Technology, Anand Agricultural University, Godhra on 01.10.2018. About 50 farmers form District Dahod actively participated in the training program. The processing, storage, value addition aspects were discussed during the program followed by demonstration on soy milk, soy peda and paneer. Faculty members, staffs and PG students of the department were actively involved in successful organization of training program.

3.	Field exposure cum training program on turmeric processing	20/11/2018	Dahod	42
----	--	------------	-------	----

Field exposure cum training program

One day field exposure cum training program on “Turmeric Processing and Value Addition” was organized by Processing and Food Engineering, CAET, Godhra in collaboration with N. M. Sadguru Water & Development Foundation, Dahod on 20/11/2018. Total 42 participants including Under Graduate students (7th Semester) and Post Graduate students (M. Tech) of College of Agricultural Engineering and Technology, Godhra successfully participated in the training. The students visited small scale turmeric processing unit at Chillakota Village of Dahod. The entire training programme was successfully organized by Er. Kamlesh R. Jethva, Asst. Prof. and Dr. Neeraj Seth, Asst. Prof. under the guidance of Dr. Navneet Kumar, Head (PFE).

4.	Educational Tour of B. Tech. Final year students	26/12/2018 to 09/01/2019	Rajasthan, Delhi, Uttar Pradesh, Uttarakhand	39
----	--	--------------------------	--	----

Educational Tour

Education tour of Final Year - B. Tech. (Agricultural Engineering) students (31 Boys & 8 Girls) was organized by Processing and Food Engineering Department, CAET, AAU, Godhra from 26 December 2018 to 09 January 2019. Some of the important institutions and universities were visited for getting current exposure on academic, research and extension activities related to agricultural engineering. The tour visited CTAE, MPUA&T, Udaipur; CAZRI, Jodhpur; ICAR - CIAH, Bikaner; Swami Keshwanand Rajasthan Agricultural University, Bikaner; Indian Agricultural Research Institute, New Delhi; IGNOU, New Delhi; GBPUA&T, Pantnagar; ICAR - Directorate of Coldwater Fisheries Research Institute, Bhimtal; Central Soil and Water Conservation Research Institute (Regional Centre), Agra and Agricultural Research Centre of Shri Karan Narendra Agricultural University (SKNAU) centre, Jaipur. The tour was successfully organized in overall coordination of Dr. Navneet Kumar and Dr. Neeraj Seth.

2019 - 2020

Sr. No.	Detail of activity	Date	Place	Beneficiaries
1.	Food awareness training program on ‘Food Nutrition, Quality and Safety’	07/09/2019	CAET, Godhra	76
2.	Orientation cum awareness programme on “Gandhian Ideologies and Plastic Waste Free Environment”	05/10/2019	CAET, Godhra	76

Food Awareness Program

Programme on “Gandhian Ideologies and Plastic Waste Free Environment”
