

An **“Uttam Stall Puraskar”**
to Anand Agricultural University

in **“Krishi Unnati Mela-2017”** held at IARI, New Delhi

(15th - 17th March, 2017)

Anand Agricultural University has participated in the **“Krishi Unnati Mela-2017”** held at Indian Agricultural Research Institute (IARI), New Delhi during 15th - 17th March, 2017 in order to communicate and demonstrate the agricultural technologies to the end users at national level. Dr. Arun Patel (Director Extension Education, AAU, Anand), Prof. P. C. Patel (Assistant Professor, DEE, AAU, Anand) and Prof. M. B. Zala (Assistant Research Scientist, ARS, AAU, Sansoli) represented the university in the said programme. During Krishi Unnati Mela, latest technologies [new varieties/ hybrids developed in various crops, liquid biofertilizers, mineral mixture, Anubhav *Trichoderma*, various value added products (aonla candy, flakes, bottle gourd juice, carrot halwa, bottle-gourd halwa and drumstick biscuits etc.) developed by the university were displayed and explained in depth to the visitors. The stall evaluation committee appreciated the technologies displayed by AAU.

On the basis of quality scientific information; novel crop production, agro and food processing based technologies displayed as well as interaction between scientists and visitors, an **“Uttam Stall Puraskar”** was awarded to AAU in the plenary session of the programme.
