D) Annual Day Celebration - SPROUT'23:

The College of Food Processing Technology, Anand Agricultural University, Anand, Gujarat, has celebrated its 14th annual day, Sprout 2023, on May 9. The event was a grand success and was attended by college students, faculty members, and dignitaries. The event commenced at 4:00 pm with a prayer and lamp lighting ceremony, after which the Dean, Dr. Samit Dutta, delivered the welcome address. He warmly greeted the attendees and highlighted the college's accomplishments over the past year. The program continued with a floral welcome and the presentation of the college's annual progress report by Ms. Ravina Shah, the General Secretary. The report showcased the college's academic and extracurricular activities throughout the year. Additionally, the College of Food Processing Technology released its publications, including the Annual Report, Placement Brochure, and Food Technica, for the academic year 2022-23 at the event. These publications highlighted the college's various activities, placement initiatives, and showcased the literary and artistic abilities of the students. The gathering was graced with the presence of Dr. M.K. Jhala, Director of Research and Dean P.G. Studies, AAU, Anand, who appreciated the college's efforts in promoting education and research in food processing technology in his speech. A prize distribution ceremony followed, where the dignitaries awarded the students for their academic and extracurricular accomplishments. During his speech, the Chief Guest, Mr. Chandrakant Patel, Chairman and Managing Director of Ice Make Refrigeration Limited, Gandhinagar, shared his entrepreneurial journey and provided insights on the significance and scope of food processing technology in today's world.

Dr. K. B. Kathiria, the President and Hon'ble Vice Chancellor of AAU, Anand, addressed the gathering and commended the College of Food Processing Technology for its unwavering dedication to providing quality education to its students. He lauded the college's efforts in promoting academic and extracurricular activities that have helped students develop not only their technical skills but also their overall personality. He also emphasized the importance of the food processing industry in India and highlighted the college's contributions in addressing the industry's needs by offering innovative programs and research opportunities to its students. The event ended with a vote of thanks by the Chairman of the Student Representative Council (SRC), Er. Mahesh A. Makwana, followed by the national anthem. After a tea break, the cultural program began, featuring the students' talents in various art forms like dance, music, and drama. The event concluded with a dinner served to all the attendees. The annual day celebration at the College of Food Processing Technology was a grand success, and it provided an excellent platform for the students to showcase their talents and achievements. The event was a perfect blend of academic and cultural activities, and it was appreciated by all the attendees.

E) World Food Day Celebration (National Tech Fest – Adroit, 23):

World Food Day is celebrated every year around the world on 16th October, to mark the foundation day of the Food and Agriculture Organization (FAO) of the United Nations. In line with this tradition, College of Food Processing Technology & Bio Energy, Anand Agricultural University, Anand in collaboration with the FPT & BE Alumni Association, AAU Incubation Centre (AIC), FDCA and AFSTi, celebrated World Food Day by hosting a two-day National Tech Fest called “ADROIT’ 23” with the theme "Water is life, water is food. Leave no one behind." It is all about bringing new perspectives towards the field of Food Processing by encouraging infinite potential of budding technocrats to Conceive, Create & Conquer.

"ADROIT" serves as a platform where emerging food technocrats can exhibit their innovations and validate their exceptional talent and skills. The programme consisted of various technical & non-technical events such as New Product Development, Poster Presentation, Food Quiz, Future Food Entrepreneur, Feel and Find, Ad Making, and Student Got Talent. This year as a part of celebrating international year of Millets, the events were focused on Millets and their products. At the new product development event, 53 teams enthusiastically participated, showcasing a diverse range of millet-based products, including baked foods, confectioneries, snacks, beverages etc. Total 42 teams were participated in the Future Food Entrepreneur event which has provided the platform for the budding food professionals to express their business ideas and to get selected in start-up program of AAU incubation centre (AIC).

The event was inaugurated by the Honorable Vice-Chancellor of Anand Agricultural University, Dr. K. B. Kathiria. Shri Ghanshyam Lukhi, Chairman & Managing Director of Tapi Fruit Processing Ltd., Surat, graced the opening day as the chief guest, along with Dr. M K Jhala, Director of Research & Dean PG Studies, and other university officials. This year, about 800 students from food technology and related technical fields participated in the event, hailing not just from Gujarat but also from Rajasthan, Punjab, Maharashtra, Haryana, Andhra Pradesh, and Tamil Nadu. To create awareness about World Food Day and importance of food processing, about 80 students of high schools were invited and provided exposure on various food processing activities.
