

## Technology Week Celebration at KVK, Arnej

Technology Week was celebrated from 3<sup>rd</sup> to 7<sup>th</sup> October, 2016 at KVK Arnej. Total 113 farmers from ten different villages had participated in this event. In this event the technologies of different agricultural areas were demonstrated towards participants. Dr. C. K. Desai (Scientist, Agronomy) had demonstrated the different method of composting and proper utilization of biofertilizer in enrichment of organic manure and as seed treatment. Use of Trichoderma, Soil sampling, use of Pheromon trap, management of cumin diseases and management of wheat stemborer were discussed by Mr. G. D. Patel (Scientist, Plant Protection). Dr. P. D. Patel (Scientist, Horticulture) had demonstrated the methods of grafting, talk about nursery management and basic techniques of horticulture. Er. D. K. Gojiya (Scientist, Agril. Engg.) had demonstrated the handy machineries for farm women. Dr. Gayatree Jadeja (Scientist, Home Science) had demonstrated the different adulteration test for the spices, honey and ghee. Dr. J. K. Patel (Senior Scientist and Head, KVK, Arnej) had also share the information regarding general agriculture and motivated the participants for adoption of latest agricultural technologies.
