About us

The College of Agricultural Engineering and Technology was established in 2008 under the shade of Anand Agricultural University, by Government of Gujarat at Godhra, Gujarat, with an aim to produce world class engineers who would establish themselves in the higher echelons of agricultural engineering field. The college offers B.Tech. in Agricultural Engineering, M.Tech in three disciplines mainly Soil and Water Conservation Engineering, Farm Machinery and Power Engineering and Process and Food Engineering and Ph.D in two disciplines mainly Soil and Water Engineering and Farm Machinery and Power Engineering. The institute excels in myriad fields of study at both undergraduate and postgraduate levels.

The college possesses a Placement & Training cell to provide personal and carrier related support to the students with special emphasis on training the students on employability skill and ultimately provide placement in various industries / organizations by arranging Campus drives. Placement cell CARE for the students CAREER by providing the maximum opportunities to explore their potentials in the right direction and look at the employability skills and try to perfectly match with the requirements of the industry. We impart training as a part of our curriculum to mould and shape the personalities and make the students employable. The industry looks mainly for two skills, from a fresh candidate, at the time of recruitment

- a) Technical skills
- b) Life Skills (Soft Skills). We have technical training conducted at the departmental level through technical tests, technical guest lectures by Industry experts and academicians from other reputed institutes as well

The sixth batch of the institute graduates in May 2017 and it is a matter of great pleasure for the institute to take this opportunity to invite potential companies to experience and evaluate the dexterities, competency, skills and talent of our students and absorb them into their esteemed organization.

We are working with following vision, mission, goal and objectives.

Vision

Imparting the students with relevant conceptualized professional skills and guiding them towards a bright future and career all around the world with the values of – Sincerity, Hard Work and Justice.

Mission

- Achieve 100% placement for students through dedication, attitude and complete involvement is our mission.
- Development of desired skills essential for suitable job profile/ higher education/ self employment and inviting the Corporate Industries / Research or Academic Institutes/ Commercial Organizations/ Public Sector Undertakings for campus placement.

Goals

- ✓ To enhance employability skills among the students to meet out the corporate expectations.
- ✓ To improve the industry – institute relationships.
- ✓ To place all students in the prospective Companies related to Agricultural Engineering.
- ✓ To enhance student's interest towards the entrepreneurship and business strategies.

Objectives

- ◆ To encourage the students to take hands on training at various National Research and Training Institute and world class private organization through continuous training module.
- ◆ To approach top multi-national companies for arranging the campus recruitment.
- ◆ To counsel the students to improve their career exposure across the global.
- ◆ To produce the most competitive engineers to fit in all scenario of the job market.
