

KVK Devataj Celebrated “World Food Day”

Krushi Vigyan Kendra, AAU, Devataj celebrated World Food Day on October 16, 2016 at village Haldari of Anklav taluka. This program is attended by 159 farmers, farm women and anganvadi children. Dr. S.B. Katole, Scientist (Animal Science) discussed the theme of World Food Day i.e. Climate is changing. Food and agriculture must too. He told at this day is celebrated every year on October, 16 as this is the foundation date of the Food and Agriculture Organization of the United Nations. He discussed the role of nutritious diet in early life of children, pregnant women and older peoples. Furthermore, Dr. Katole, Scientist (Animal Science) discuss about the ideal animal husbandry practices. Smt. Amita B. Parmar, Scientist (Horticulture) discussed the role of food in day-to-day life. She also discussed value added products for better nutrition. She discussed about the importance of consumption of fruits, vegetables and use of drumstick leaves and pods in meals of Anganwadi children. She also gave demonstration on preparation of Aonla candy and Aonla *murabba*. Mrs. A.N. Jadav, Programme Assistant (Home Science) KVK, Devataj discuss how to increase the nutritive value of locally available product for children.

At outset, all the farmers and staff of KVK join hands and took part in Swachha Bharat Abhiyaan Pakhwara, and cleaned the entire premises of Anganvadi, Haldari. This programme is organized at Village Haldari which is adopted by KVK Devataj under Mera Gaon Mera Gaurav programme of Central Government.
