About Event

Event started on 01:30 pm with the welcome talk by Er. Aravind Kunapara. He had brief about the G-20 summit 2023, importance of the event, rules, and regulations of the competition. Students given a topic for debate was “Role of Youth in Democracy”. Total 12 students have participated and discussed lot regarding the topics. They have put very informative comments about the responsibilities of youth in democracy, how they can play an important role in democracy or not. Students show their concern about the side-effect of irresponsible behaviour on country and common man. While students have also explained benefits of the different laws of our country. They also discussed about the constitution, and different amendments done in constitution since after independence and role of the young students in it. After the events students themselves realize their talent and way of thinking, way of understanding the things of their role in democracy.
