Letter No. NAU/ACHEF/OS /2013

Date: 30/11/2013

Sub: Regarding participation in the National Seminar "Role of Organic Farming in Climate Resilient and Sustainable Agriculture"

Dear Sir,

It is a great pleasure to inform you that ASPEE College of Horticulture and Forestry, NAU, Navsari in collaboration with National Council for Climate Change Sustainable Development and Public Leadership (NCCSD), Ahmedabad is going to organize a national seminar on **"Role of Organic Farming in Climate Resilient and Sustainable Agriculture"** during January 9-10, 2014 at Navsari Agricultural University, Navsari, Gujarat.

The basic objective of the seminar is to bring together the farmers already ventured in organic farming, scientists working in this field and policy makers. The truthful discussion among them about role, scope, constraints and future prospects of organic farming will provide the vital leads to formulate the strategies for growth and development of this sector in India. Your presence as well as vast experience and unequivocal expertise in this domain will immensely be helpful in this regard.

A brochure of the seminar is enclosed herewith for your kind perusal. Further, we would feel greatly obliged if you depute a few academicians, researchers and faculty members to participate in the seminar to make it grand success.

Looking forward to your presence, guidance and kind cooperation

Yours faithfully

(N. L. Patel)
 Chairman,
 Organizing Committee
