

**Dr Subrota Hati is honoured with the prestigious
Associateship of National Academy of Agricultural
Sciences (NAAS), India**

Dr. Subrota Hati working as Assistant Professor in Dairy Microbiology Department, SMC College of Dairy Science, Anand Agricultural University, Anand has been selected for the **prestigious Associateship of National Academy of Agricultural Sciences (NAAS), India in Agricultural Sciences** on the basis of his research works, research publications, Awards, and Biodata. This type of Associateship is given to only a few members from Agricultural Sciences upto the age of 40 years. **Dr. Hati is the first person receiving this coveted Associateship in Dairy Science among all the State Agricultural Universities.**

The National Academy of Agricultural Sciences (NAAS: www.naasindia.org), established in 1990, is among the youngest of the Science Academies in India. The Academy focuses on the broad field of agricultural sciences including crop husbandry, animal husbandry, fisheries, agro-forestry and interface between agriculture and agro-industry. The Academy's role is to provide a forum to Agricultural Scientists to deliberate on important issues of agricultural research, education and extension and present views of the scientific community as policy inputs to planners, decision/opinion makers at various levels. The Academy accords recognition to scientists at various levels, and encourages cutting edge research in different fields of agricultural sciences. In 2003, 'Associateship' of the Academy was introduced for recognizing talented Young Scientists in Agricultural Sciences.
