## Expert Lecture Delivered by Dr. Vipul Vyas at International Agribusiness Management Institute on 10-01-2024

Dr. Vipul Vyas from The Mind Academy delivered a lecture on Life Management at International Agribusiness Management Institute of Anand Agricultural University of Anand Agricultural University on January 10, 2024 in which students and faculties of the institute attended and participated in the programme for almost a period of two hours. The lecture highlighted many key learning elements like importance of goal making in the individual life journey, power of personality, conditioning of mind through sheer determination, detachment from the situations and act of response through cases and examples. Dr. Vyas emphasized upon different elements of progressive mindsets and concluded his sessions by saying that it is the person himself who become wounded or wiser by controlling his mind, emotions and thoughts through regular practice that leads to a permanent habit for the future. Dr. Shaktiranjan Panigrahy, Assistant Professor of International Agribusiness Management Institute executed the event with the guidance of Dr. R. S. Pundir, Principal & Dean of the particular institute.
