

**COLLEGE OF AGRICULTURAL ENGINEERING & TECHNOLOGY
ANAND AGRICULTURAL UNIVERSITY, GODHRA**

Field /Industrial Visit of Under Graduate Students

A one-day field visit for Final year B. Tech. (Agricultural Engineering) students was organized at three different institutes located in Ahmedabad and Gandhinagar on 09 August, 2018 to explore and enhance their field skills particularly in Remote Sensing and GIS as well as Renewable Energy Technology. The first visit was at Space Application Centre (SAC), Ahmedabad, where students had the exposure to about different space application programs being undertaken by ISRO. The lectures were delivered by scientists from SAC, ISRO and then a visit was conducted at Vikram Sarabhai Space Exhibition (VSSE) Centre. The second visit was at Bhaskaracharya Institute For Space Applications and Geo-Informatics (BISAG), Gandhinagar. BISAG, and ISRO scientists delivered lectures on applications of remote sensing in Agriculture, Flood Management, Watershed Management, etc. Lastly, students visited Gujarat's largest 150 TR Solar Thermal Air Conditioning System, Administrative Office, Thermal Power Station, Gandhinagar installed by Gujarat Energy Research and Management Institute (GERMI), Gandhinagar. All these centers visit really heightened the skills of the students which will help in their project works to be undertaken at UG and PG level.

Visit at VSSE, Ahmedabad

Visit at BISAG, Gandhinagar

Visit at Thermal Power Station
