

MoU between Anand Agricultural University, Anand and Western Sydney University, Australia

On November 16, 2023, under the guidance of Dr. K.B. Kathiria, the Hon. Vice Chancellor of Anand Agricultural University, Anand, an MoU has been signed by Dr. M.K. Jhala, Director of Research and Dean PG studies between Western Sydney University, Australia and Anand Agricultural University, Anand.

ICAR and World Bank funded project Centre for Agricultural Market Intelligence is running at Anand Agricultural University, Anand with Western Sydney University, Australia functioning as one of the partner institution under the NAHEP-CAAST project under which research project in the field of digital agriculture is undertaken. Under the project, i-KISAN SETU mobile application has been created by both the organizations, which will provide accurate and timely information about agriculture as well as market to the farmers. This NAHEP-CAAST project is functioning at International Agribusiness Management Institute, AAU, Anand with Dr. R. S. Pundir as the PI of the project and various faculty / scientists as CCPIs and Co-PIs.

Western Sydney University, Australia, invited Director of Research, Dr. M.K. Jhala as a part of the high-level delegation comprising office-bearers of various agricultural universities of India from November 15 to November 17, 2023 to discuss various pertinent issues related to agriculture and sign the MoU in the field of education and research. The MoU will strengthen the relationship between AAU and WSU, which is a top ranked international institution. At the same time, this MoU will help the faculty members of the university as well as the students in their field of education and research. The MoU will also go a long way in executing various collaborative academic and research activities for strengthening higher agricultural education for the benefit of the farmers.
