

NATIONAL SCIENCE DAY CELEBRATION

(28th February, 2024)

National Science Day

National Science Day is celebrated in India on February 28 each year to mark the discovery of the Raman effect by Indian physicist Sir C. V. Raman on 28 February 1928. For his discovery, Sir C.V. Raman was awarded the Nobel Prize in Physics in 1930. Science Day is dedicated to the scientists of the nation. It is a very auspicious event for which students wait eagerly throughout the year. Science Day is like an opportunity for students to show their gratitude towards the scientists of our country. The College of Agricultural Information Technology, AAU, Anand has arranged an expert lecture on "**Indigenous Technologies for Viksit Bharat**" on 01st March, 2024. The college students actively joined in this program. The closing session was held for appreciation and success remark.
