

Off-Campus Capacity Building Training Programme organized by EEI, AAU, Anand at KVK, AAU, Dahod

The Extension Education Institute (EEI), Anand Agricultural University (AAU), Anand, in collaboration with Krishi Vigyan Kendra (KVK), AAU, Dahod, successfully organized a 3-day off-campus capacity building training programme from 7th to 9th July 2025. The training focused on two key themes: 'Strategic Communication Competence for Professionals' and 'Time and Stress Management Skills for Effective Management.' This event marked a significant milestone as it was the first-ever off-campus training programme conducted by EEI within the jurisdiction of AAU at KVK, AAU, Dahod. The programme aimed to enhance the professional competencies of participants through structured sessions, interactive learning, and skill-building activities relevant to modern extension and organizational management. The training programme saw an enthusiastic participation by a total of 50 trainees who are working professionals related to agricultural and rural development. The collaboration between EEI, Anand and KVK, Dahod reflects a continued commitment to decentralized, need-based training efforts that empower agricultural professionals across regions.
