

Online review meeting of sub-centres of AAU, Anand

Various research and allied activities on different dimensions in various crops are carried out throughout the year at the sub-research centers of Anand Agricultural University, Anand. Such research work includes AGRESKO trials, AICRP trials, and other agency projects as well as seed production. To review the research work carried out at different sub-centres it has been decided to organize an online meeting with unit heads and concern scientists on every first and third Saturday of each month by the Directorate of Research, AAU, Anand. In this context, an online meeting was arranged on 06.01.2023 with 7 different sub-centres' heads and concerned scientists of the research centres to review the research work carried out at respective sub-centre. The discussion was conducted through pre-decided format of power point presentation on online mode with Dr. M. K. Jhala, Director of Research, Dr. S. N. Shah, Associate Director of Research and table incharges of the Directorate of Research. The presentation includes research activities with photographs, seed production, purchase / financial details and related photographs. Similar on-line meeting with the remaining 8 sub-centres will be held on third Saturday. Likewise, monthly review of all the sub-centres will be done on regular basis.
