Model Farm, Vadodara – 390 003**

**SDPMH organized programme on Organ Donation with special
reference to Kidneys**

NSS Unit of Sheth D.M. Polytechnic in Horticulture, Anand Agricultural University, Model Farm, Vadodara – 390 003 organized the awareness programme on **“Organ Donation with special reference to Kidneys”** on 16.03.2024 (Saturday) in collaboration with India Renal foundation, Vadodara. At outset NSS officer Dr. Shrikant B. Katole, welcome Mr. Ishan Trivedi from India Renal Foundation and all the NSS volunteers, students and staff of the college. Dr. Shrikant B. Katole discussed about organ donation as rare thought or experience or sharing when you decide to give an organ to save or transform the life of someone else. It is a noble cause. Organs and tissue donation involves removing organs and tissues from someone who has died or brain dead and transplanting them into someone who, in many cases, is very ill or dying. Organs that can be transplanted include the heart, lungs, liver, kidneys, intestine, pancreas, bone marrow etc. He also advised the students to follow the healthy lifestyle to have healthy life.

Mr. Ishan Trivedi from India Renal Foundation discussed in detail regarding kidneys and its diseases and how to keep our kidneys healthy. He suggested to drink at least 10-12 glasses of water every day, reduce the salt intake, control diabetes, control hypertension etc. At last Aarya Kanani, NSS volunteer proposed the vote of thanks.

Glimpses of the programme
